### BRITISH ATTITUDE USES NO CHANGE IN GERMAN PLANS

Reply to Second Ultimatum  
From Berlin to Brussels  
Like First.

GOVERNMENT IS INFORMED  
THAT INVASION STARTED

English Ships Bound for Con-  
tinent Advised to Divert  
Course.

London, Aug. 4.—Germany's reply to  
Sir Edward Grey's speech, indicating  
the British attitude in regard to the  
violation of Belgian territory by Ger-  
many was a second ultimatum, Berlin  
to Brussels, saying Germany was pre-  
pared to carry through her plans by  
force of arms if necessary.

The British government was offici-  
ally informed by Belgium today that  
German troops had invaded Belgium  
and that the violation of that coun-  
try's neutrality, which the British for-  
eign secretary yesterday intimated  
must be followed by action on the part  
of the British, had become an accom-  
plished fact.

Definite announcement of Great Brit-  
ain's intentions under this grave af-  
front was expected in the house of  
commons this afternoon.

What the British admiralty intended  
to do was not ascertainable and no  
news was made public as to the move-  
ments of British war vessels. That  
precautionary measures were being  
taken became known through a sugges-  
tion issued by the admiralty to Brit-  
ish ships bound for continental ports  
north of Canada. These were advised  
to divert their course to British ports.  
As to fighting between Austria and  
Serbia reports came from Nish that  
the Austrians had suffered a sharp re-  
pulse and heavy losses.

### EX-MEMBERS OF THE BRITISH AND FRENCH ARMIES WILL PARADE

A joint meeting of British and  
French ex-army men will be held to-  
night at the headquarters of the  
United Service club on McDougall ave-  
nue. The object of the meeting is to  
set first hand information before a  
number of ex-army men in the city  
who are available for service. The  
United Service club is composed of  
ex-members of the British regular and  
volunteer services in the city, and on  
this occasion they are inviting the ex-  
members of the French army to take  
joint action with them.

A mass parade will be held after  
the meeting, which is called for eight  
o'clock.

### LIEUT. GOVERNOR'S PARTY SEES MOTION PICTURES OF DUKE

Lieut. Governor Buley and party  
last night attended the Empress the-  
atre and saw the motion pictures de-  
picting the visit to Edmonton of their  
highnesses the Duke and Duchess  
of Connaught and Princess Patricia.  
The pictures gave a realistic idea of  
the royal visit and as they showed the  
royal party in various parts of the city,  
not as it was seen by those who were  
able to accompany the autos on their  
trip, many in the theatre found that  
they were able to get a more com-  
prehensive idea of the tour than  
they had been able to do by just  
seeing the party pass.

His honor was pleased with the pic-  
tures, which he thought were very  
well arranged.

### "MOUNTY" LICKS PUG FOR UNCOMPLIMENTARY REMARKS RE BRITISH

Regina, Aug. 4.—A mild patriotic  
demonstration here a mounted policeman  
replied some remarks on British by a  
local prize-fighter. The mounted po-  
liceman beat the man up so that a doc-  
tor had to come and patch up the vic-  
tim before he could proceed from the  
spot.

### ORDER IS ISSUED GIVING GOVERNMENT CONTROL OF LINES.

London, Aug. 4.—An order was  
issued this evening giving the  
government control of all the  
railroads in Great Britain.

## England Must Take Part in Conflict Opines Sir Wilfrid

Ottawa, Aug. 4.—Sir Wilfrid Laurier,  
leader of the opposition who curtailed  
his holidays at Arthursville and re-  
turned to his office at the capital on ac-  
count of the present war crisis, gave  
out the following statement to the press  
at noon today:

"It appears that up to the present  
time England is not yet engaged in war.  
We hope and pray that the efforts of  
Sir Edward Grey may yet be successful  
in persuading the nations of the con-  
tinent to the restoration of peace. I  
confess that the prospects are very  
doubtful. It is probable and almost  
certain that England will have to take  
her share in the conflict, not only for  
the protection of her own interests, but  
for the protection of France and the  
higher civilization of which these two  
nations are today the noblest ex-  
pression."

## \$1,250,000,000 to Be Voted by Germany for The Expenses of War

BERLIN, Aug. 4.—A bill was intro-  
duced into the German Imperial Parliament  
today providing for the appropriation of  
\$1,250,000,000 to meet the expenses of the  
war.

## France institutes System of Forced Currency for War

PARIS, Aug. 4.—The French govern-  
ment intends to introduce into parlia-  
ment today several bills to meet the  
expenses of the war and to regulate  
business. One of the measures will  
authorize the bank of France to in-  
crease its notes to \$2,000,000,000. On

### CANADA LIKELY TO OFFER DREADNOUGHTS NOW BEING BUILT

OTTAWA, Aug. 4.—Parliament is be-  
ing called in special session, August 12,  
when the government will put before  
the house an offer to the imperial par-  
liament of three dreadnoughts now be-  
ing built in Great Britain for foreign  
powers, which they intend purchasing.

### MANY ALIENS IN U.S. SEEK NATURALIZATION TO EVADE FIGHTING.

Chicago, Aug. 4.—An increase  
of 100 per cent. in the applica-  
tion for naturalization papers  
was noted today in Chicago  
courts, and was attributed by the  
court officials to the desire  
of many aliens to avoid return-  
ing to Europe as soldiers for  
the war. Most of the increase  
is among Russians, and Aus-  
trians. Few Germans and  
Frenchmen having applied for  
papers since the outbreak  
of hostilities.

### PROTESTS AGAINST ENGLAND'S STAND

Kier Hardie Says War Made  
By Diplomats Not By  
The People.

### ALLEGATION OF SUFFERING URGES STEPS SHOULD BE TAKEN TO PREVENT WIDESPREAD UNEMPLOYMENT.

London, Aug. 4.—The laborites joined  
the group of radicals in the protest  
declaring that it was a war made by the  
diplomats, not by the people. J. Kier  
Hardie asked what action was go-  
ing to be taken to alleviate the suffer-  
ings of those who would be hard pressed  
by the war. He said he would do  
all he could to arouse the working men  
against the proposals of the govern-  
ment.

The chancellor of the exchequer,  
David Lloyd George, answered that  
the government had no alternative but  
to go to war for ships' cargoes  
of which full details would be given  
later. Regarding the complaint of J.  
Kier Hardie that the bill passed that  
day was for the protection of a small  
section of the community the chan-  
cellor said it was essentially a measure to  
protect the whole credit system. Un-  
less steps of that kind were taken  
hundreds of thousands of workmen  
might be thrown out of work.

The cabinet held a session during  
the recess and were secured to and  
from the house by cheering crowds.

### Belgium Seizes Wireless

Brussels, Aug. 4.—The Belgian  
newspaper, Chronique, announced that  
the Belgian authorities have seized the  
wireless installation set up by the Ger-  
man school in the Belgian capital.

The Kron Prinzessin Cecilie will  
remain at Bar harbor for the present.  
Officials of the line so announced this  
afternoon after communicating with  
Captain Fehle.

### Larger Crop than Usual

Winnipeg, Aug. 4.—The wheat crop  
of the United Kingdom, which is es-  
timated, be \$6,000,000, which is four  
per cent. above the average, according  
to a grain exchange cable.

Grain exchange wires state that the  
British government has assumed the  
war risk on all existing contracts on  
grain brought for import from foreign  
countries. It is believed that Bel-  
gium will do likewise.

## Big Naval Battle Taking Place off Flamboro' Head, Eng., Since Early This Morning

Winnipeg, Aug. 4.—The following cables, which however have not been confirmed,  
have been received on the exchanges here:

London, Aug. 4.—A big naval battle is being fought today in the North sea off Flam-  
borough head, England. A message saying heavy fighting had been heard continuously  
since early morning was received by Claude Palmer, deputy commissioner of the St. John's  
Ambulance association. Orders were issued at once for all men in the Flamborough district  
to remain at their posts to care for the wounded in the event of a British fleet being engaged.

French, German and English fleets have been reported manouevring in the North sea.

### Forbidden Exportation War Stores.

London, Aug. 4.—The government has issued a decree forbidding the exportation of  
copper, nickel and zinc and war stores of any character.

### Italy Refuses Help to Germany.

London, Aug. 4.—Germany has appealed to Italy for help in the war, the latter refusing  
assistance.

### Germany Has Declared War on Belgium.

London, Aug. 4.—The special correspondent of Daily News at Brussels telegraphs: "I  
learn officially at the ministry of war that Germany has declared war on Belgium this  
morning."

### German Cavalry Completely Annihilated.

Paris, Aug. 4.—A squad of German cavalry that invaded France to destroy locomotives  
lines early today north of Nancy was completely annihilated, 50 being killed and 85  
taken prisoners.

### Kaiser Delivers Second Ultimatum.

London, Aug. 4.—Germany's second ultimatum was delivered by the German minister  
in Brussels late last night as the reply of Germany to the refusal of Belgium to accede to  
Germany's first ultimatum.

### "State of War" Exists.

Winnipeg, Aug. 4.—A special from Berlin credits Imperial Chancellor Von Bethmann-  
Hollweg with a declaration this morning that Germany considers that a state of war exists  
between Germany and France owing to the latter's encroachments on German territory.

The chancellor is further said to have stated that no further action by Germany was  
necessary. It was the desire of the kaiser that France should be the one to declare war.

### Sets Machinery in Motion.

Washington, Aug. 4.—The notice from the German consul at Newport is practically the  
same as the announcement in Berlin last night by the German premier, in which he sought  
to place upon France full responsibility for the beginning of hostilities.

The notice justifies the United States and other neutral countries in issue in formal  
proclamations of neutrality and sets in motion all of the legal machinery necessary to em-  
power the German government itself to proceed as in the case of an actual declaration of war.

The only difference noted here between the two forms is that the "state of war" an-  
nouncement still relieves the German government of liability for the initiation of hostilities  
such as would be carried by the issue of a formal declaration of war, a point which will figure  
largely in the negotiations which must close hostilities in the end.

## Thought Connaught Will Retain Office During War Crisis

Experience as Commander-in-Chief of British Army Will Be Inval-  
uable in Case of Canadian Mobilization—Prince Alexander  
of Teck's Session Would Probably Be Fraught With Difficulty if  
Not Danger.

Ottawa, Aug. 4.—The Royal Standard,  
floating about the East block this  
morning, announced the return to Ot-  
tawa of his royal highness the Duke  
of Connaught, governor-general of  
Canada. His royal highness and party  
arrived at 7 o'clock this morning, after  
an uninterrupted trip from Haifa,  
where their cross-Canada trip was in-  
terrupted by the outbreak of hostilities  
in Europe. Despite the long and  
tiring journey, his royal highness  
was at his office at an early hour this  
morning. Premier Borden, who  
attended the duke in the governor-  
general's office, at 11 o'clock  
the two came out and proceeded to the  
council chamber, where the cabinet  
went into session at 1 o'clock. Al-  
though no official announcement has  
been given out, it is understood here  
that the duke will be available as he  
will for some time at least, and it is  
even considered possible that at the  
present crisis his term of office as  
governor-general of Canada will be  
extended beyond the same period which  
expires in June.

His presence here in case of mobiliza-  
tion of Canadian troops for the army  
would be invaluable, as he was  
formerly commander-in-chief of British  
army and would therefore be able  
to advise the Canadian authorities as to  
the best possible disposal and orga-  
nization of the Canadian troops. It is  
also believed that the duke will be  
available for some time at least, and it is  
even considered possible that at the  
present crisis his term of office as  
governor-general of Canada will be  
extended beyond the same period which  
expires in June.

try as an enemy and carried the im-  
plied intention of Germany to seize Bel-  
gian Congo in the event of a refusal to  
permit the passage of the German  
troops through Belgium.

### Germany's Evident Aim

London, Aug. 4.—The dominant idea  
of Belgian mobilization is that Ger-  
many will attempt to force a passage  
across the narrow neck of Belgian ter-  
ritory below Liege and Namur, in the  
main route from Cologne and Als La  
Chapelle into northern France above  
Chateau. To capture this route south-  
ward would mean the cutting off of the  
Paris and Calais route from the main  
French front.

### Canadian Coast Menaced

Washington, D.C., Aug. 4.—Reports  
were current at the navy department  
this morning that there was a possi-  
bility that the Austrian submarine  
being immediately menaced. In the  
event of Great Britain clashing with  
Germany, the presence of  
New York harbor of German cruisers

messages picked up by the powerful  
government station here.

officially that the Austrian bomb-  
ardment of Belgrade continues, despite

of the legations have been struck by  
shells and many persons have been  
killed. In consequence of Austria's  
failure to notify the inhabitants be-  
fore the bombardment non-combatants  
had not time to leave the city.

sels arriving at Copenhagen report that  
the German fleet is attempting through  
the Baltic towards Russia. The reports  
of the Danish fleet indicate that the  
ships of the squadron as two battleships,  
four or five cruisers and an escort of  
destroyers. It is believed here that the  
Germans plan to destroy the Russian  
fleet now in the Gulf of Finland and  
establish a blockade of the Russian coast.

It is reported that heavy firing has  
been proceeding for several hours in  
the North sea at a considerable dis-  
tance from the English coast, and that  
the volume of firing indicates that a  
large number of ships are engaged. No  
details are given.

### Not Across Frontier

London, Aug. 4.—A Brussels despatch

Belgium parliament will meet today  
under the presidency of the king and

# DOMINION SQUARE MAY TAKE PLACE IN CITY MARKET

Recommendation Along This Line To Be Made by Commissioner Harrison.

## NEW CEMETERY SITE OFFER FOR SOUTH SIDE

Disraeli Club Replies to East Side Merchants in Matter of Early Closing.

With the "city beautiful" idea lodged firmly in his mind, A. G. Harrison, commissioner of parks and markets, will submit a recommendation to the city council tonight that upon the opening of the new city market on the west side, on October 1, the present market site be abandoned as a place for trading in produce, groceries, hardware, etc., and converted into a public park to be known as Dominion Square. He recommends that the policy of beautifying the block by making a lawn and setting out trees be inaugurated as soon as the site is cleared. Mr. Harrison is of the opinion that if four markets are maintained on the north side, neither will be a success, and that if the present market place is abandoned and the site converted into a public square real estate values in that section of the city will be enhanced.

### Early Closing Blay.

A communication will be received from the Disraeli club in reply to the protest of outside merchants against the passage of the early closing bylaw, and urging the city council to take the measure. The Disraeli club maintains that the outside merchants do not employ sufficient business after 6 o'clock in the evening to pay for electric lights, and declares that the merchants make a misstatement when they say that clerks are only required to work on alternate nights at the present time, as all of the clerks are on duty from 6 o'clock in the morning until 10 o'clock at night. The club also declares that the outside merchants are only making a bluff when they threaten to "pay off" a large number of clerks if the bylaw is adopted. It is also asserted that a majority of the merchants in this particular locality are in favor of the early closing movement.

### Southside Cemetery.

A 12 latimer will submit a proposition offering to build a new cemetery on the south side of the city for the sum of \$10,000, to be in cash and the balance in 25 year debentures carrying interest at the rate of five and one-half per cent. The ground offered is described as lying between the new cemetery and Main street on the south side of the river.

### Another will be made by F. Barnhouse, secretary of the sinking fund.

Commissioner M. S. Booth will report in reply to an inquiry submitted by Alderman Calder at the last meeting of the council, concerning the cause of death of 20 infants during the month of June and also concerning the locations in the city where the deaths occurred. He will report the arrangements for a nurse to be attached to the department of the medical health office. Dr. Whitehead, proved unsatisfactory, and that for the next two months a nurse to instruct mothers concerning the care of infants will be under the immediate direction of the Victorian order, this arrangement having been approved by the approval of the physicians of the city. A central depot will also be maintained at the Royal Alexandra hospital for medical aid and care for infants may be secured, and this, in the opinion of Mr. Booth, will tend to reduce the mortality among infants to a minimum.

# COMPLETE TIE-UP TRANS-ATLANTIC SHIPPING EXPECTED

Local Railway Offices Are Refusing All Bookings to Warring Countries.

BRITISH AND FRENCH LINES STILL RUNNING

Many Austrians Turned Back From Ticket Offices and Advised Not to Go.

An early suspension of all passenger traffic across the Atlantic is looked for. In their desire to get back to the Old Country, hundreds of Austrians in Edmonton have been endeavoring to book passage at the local railway offices, but owing to the notices received of the cancellation of practically all sailings to the continent of Europe the local agents are refusing to issue bookings. The whole of the trans-Atlantic steamship service, with the exception of that to British ports, is discontinued and with the prospect of an early declaration of war by Britain the bookings to British ports have fallen off very considerably. Only a few people are taking the risk of booking, in view of the disturbed condition of affairs.

Numerous of Austrians and Germans have tried to book passages by British lines when they found the steamships to their own countries cancelled, but they have been advised by the local agents that it is practically useless to try to get through, as they were practically certain to be held as prisoners in England if they get across the Atlantic. All the local agents of the trans-Atlantic steamship service have been cancelled, and have been received of the cancellation of the French line, the French line, sailing from New York, owing to the boat having been requisitioned by the French government. It has been announced, however, that the place will be taken by the France, sailing from New York, August 12. Apparently, the French as well as the British lines are still running, but it is regarded as certain that all trans-Atlantic passenger traffic will be suspended if Britain and France formally declare war.

## ALL NOW READY FOR EXHIBITION

Edmonton's Big Summer Fair To Be Opened Afternoon of August 11

DETACHMENT OF DRAGOONS

Lieut.-Gov. Bulvey and Hon. Frank Oliver to Officiate.

Hon. Frank Oliver will formally open the Edmonton exhibition on Tuesday, August 11, at 2 o'clock. In the afternoon, His Honor Lieutenant-Governor Bulvey has kindly consented to accompany Mr. Oliver to the exhibition and participate in the opening ceremony. Through the courtesy of Col. F. C. Jamieson, a detachment of the 19th Alberta Dragoons will act as escort to the Lieutenant-Governor and Mr. Oliver.

The exhibition grounds resemble a huge hive these days, with workers on every side. No matter where the eye strays it meets evidence of the energetic preparations going on to carry out the coming fair. Men on the roofs of the buildings; men on the roads; men on the lawns; men putting up booths; men everywhere.

Manager Stark had his office removed from the civic building to the administration building on the ground yesterday. The office staff is now busy installing the thousand and one forces which next week will go to the making of the greatest exhibition west of Canada has ever seen.

The expense of green lying within the race track has been freshly won; the lawn surrounding the administration building is gay with flower beds. Sprinklers are kept busy on the newly planted roads, for even now the traffic of taxis, motors, and delivery rigs is heavy on the exhibition grounds.

Carpenters are busy on the new buildings; carpenters swarm in the manufacturers' building; carpenters through the machinery hall. Outside and inside the buildings are being renovated and got in readiness for the opening day.

In the manufacturers' building, the wholesale sale of new paint and the lumber firm is the air. While hammers appear to be trying to show which can drive the most nails in an hour.

Very attractive are the booths in course of construction for housing the exhibition, and the exhibitors are all firms of a high standard.

To Olds Firm of Heimstam has a booth suggestive of the luxury and harmony combined in their place. The Birmingham-Firth company will have a very attractive and tasteful stall. The dairy line and white ware ground arranged for the Swift Canadian exhibit is most tempting these warm days. Armstrong Drug company has a dairy cream kitchen affair. Dozens of others show different stages of construction, and the exhibitors will vie with each other in making their surroundings most useful. The manufacturers' building will be an attractive spot when the last nail is driven and the last drapery hung.

Up to the roof of the civic pavilion men are busily engaged installing the new ventilators. These will insure a good current of air through the pavilion, making it most comfortable for visitors.

### CITY EMPLOYEES TO BE REDUCED DURING MONEY STRINGENCY

That the temporary money stringency may not lead to embittered feelings among the city commissioners yesterday afternoon reached a solution in deciding that pending a lifting of the clouds all city employees shall be reduced to a partial salary bank. The order will effect every city employee on the payroll. The pay of the mayor and all of the higher officials will be cut in half. The order does not contemplate an actual cut in salaries, but the pay will be given to all employees as soon as the financial stringency is relieved.

Editors Coming

Under the auspices of the immigration department, 46 editors of Scandinavian newspapers published in the United States will pay a visit to Edmonton this month. Under the present arrangements they will reach here on the 15th at 1:30 o'clock p.m., leaving that evening for Medicine and returning by train for southern Alberta. While in this city they will be entertained by the board of trade. F. T. Fisher, secretary, is making an effort to have the schedule so arranged that the party will be enabled to attend the exhibition.

### LOCAL BANKS SAY BUSINESS NOT PEOPLE ARE CALM

No Rush for Savings Has Been Experienced by Edmonton Banks; None Expected

### WAR EXCITEMENT MAKES BUSINESS RATHER QUIET

Crowds Wait Eagerly for Latest War News in Special Despatches to Capital

The local banks state that there has been no tendency shown on the part of the public of Edmonton to withdraw deposits or savings. There is considerable stocks of bills on hand, but they are not anticipating any extraordinary demand, and business is being conducted quite normally.

On the other hand it is felt to be unfortunate that the news of the war has had the effect of making business rather quiet.

The prospect of a further tightening of the money market in consequence of war has had a bad effect on the local labor market and crowds of unemployed are being seen in the streets, and standing looking with anxious faces at the war bulletins.

The Capital's bulletin board in front of the Bellink hotel on Jasper is keeping the public informed as to the latest developments which are reported by direct wire to the Daily Capital office.

Every night, the bulletin board is a striking one. Crowds stand with upturned faces eagerly scanning the latest news, while more people are constantly arriving.

Many reports of the west end come down town late in the evening to hear the latest developments and there was a long string of cars last night in front of the Capital's bulletin board.

AN ARGUMENT OVER THE COST OF THE WAR LED TO A CASE IN POLICE COURT

An argument over the exact cost of the European war was the cause of a case being brought to the police court today. The trouble started in the Venice club, where a phone message was sent to the police Sunday night, the effect of which was to have the name of Smith had been struck over the club with a beer bottle by the manager of the club, Smith himself, phoned in the message and the police were soon on the ground.

Smith was found with a gash on his chin that required two stitches. The manager of the club and another man, Deacon, were arrested. The evidence this morning, however, went to show that Smith's story of how he was hurt, Deacon admitted having struck him with his fist when the two were engaged in the argument over the cost of the war.

Two bartenders and manager Sealer, gave evidence that the accused, Sealer, was not in the room at the time the trouble occurred, nor knew of the accident to Smith until he heard him call the club a number of times in the evening. He stated that the case was given by Magistrate Maclellan in dismissal of the case, committing upon the action of the police in arresting Sealer without a warrant. "This just shows how careful the police should be in making arrests," said the manager.

"I've told the officers before, and I tell them again, that they must not arrest a man for a minor offence, unless it is without a warrant, unless it is to prevent or in the case of an indictable offence. They can come to the magistrate and get a warrant, Sunday or any other day."

### "THE ALBERTA FIVE" OIL FIRM ORGANIZED

Twenty-five of Edmonton's citizens met at M. I. Bennett's office, 115 Jasper avenue east on Saturday last, holding a preliminary meeting for the purpose of organizing a new oil firm, the Alberta Five, as the initials of the organization.

The organizations were practically completed and will be registered during the week. R. W. Gibbs was elected president, James Bradley, secretary, E. Taylor, treasurer, J. H. Bennett, manager and J. H. Crockett as fiscal agent. Geo. Brown, Smith, Ely, R. W. Fraser and a number of others have been placed on the directorate.

All these gentlemen were very optimistic in regard to the future prospects of Alberta's big oil fields and have every confidence in the success of the various companies of this varied country will more than offset any disadvantage and in the end turn the scale to the side of prosperity.

Claims He Was Stabbed.  
Two arrests were made in Chinatown last night by provincial detectives. They were Young Mah and Sing Chung in connection with an alleged stabbing case. The person of another Chinaman, Poon Yuen, who appeared at the police station with a knife wound in his thigh, was also arrested. It was reported this morning but the case was adjourned. More interesting developments are expected when the case comes up.

### HARVEST IS BEGUN IN NORTHERN AND CENTRAL ALBERTA

Wheat Being Cut at Chaviv, East of Edmonton, on the Grand Trunk Pacific.

### CLOVER BAR FARMERS ARE CUTTING BARLEY

Reports From South Show Crops Light, But in North They Were Never Better

Harvesting in northern Alberta has begun and will be general in many districts next week. A start has been made in the Clover Bar district with the barley harvest. Word has been received at the department of agriculture that wheat is being cut at Chaviv on the Grand Trunk, east of Edmonton. Cutting has been going on in southern Alberta for some time. Cutting began about the third week in July in several southern districts and is now well advanced in the north. The weather the crop matured early in the south, but it will be light all through the south country and in many districts scarcely a bushel of grain will be harvested.

The northern and central portions of the province present a great contrast to the south, for the crops north of Calgary are reported to be exceptionally good.

The state of things in southern Alberta this year will be serious for many farmers. Cattle are already being offered for sale, farmers in a few districts being without feed as a result of the drought.

The reports from the country between Medicine Hat and Lethbridge and between Almonte and Lethbridge, taking in the Goose Lake line, where there were exceptionally good crops last year, show that the wheat has never died out at all this year and the straw is so short that it could scarcely be cut for feed. The Calgary-Medicine Hat branch the crops are better than in most parts of the south. Some of the outstanding field conditions in the south have been cancelled.

In the Edmonton district, including Clover Bar, Narrows, Medicine Hat and Vermilion show that in those districts the crops are the best in years.

The deceased leaves a wife and two children, aged 10 and 14 years, the latter who was in the hospital at the time of the father's death and was unaware of the accident. The search for the body lasted several days. It was recovered with difficulty, in 20 feet of water.

LOCAL PEOPLE IN  
B.C. ARE IN DANGER  
FROM FOREST FIRES

Owing to the big forest fire in British Columbia, the effect of which has been noticed in Edmonton by the clouds of smoke in the sky, causing the sun and moon to take on a dull red appearance at times, it is believed that forest fires are in a number of districts are in danger.

The family of J. D. Hunt, deputy attorney general, have been staying at the Douglas ranch in southern B.C. and Mr. Hunt has heard that the fires are threatening that district. Hunt yesterday wired the nearest station agent to the Douglas ranch, and left this morning for Elko, B.C.

W. D. Macdon, of the Bulletin staff, also has his family in the same district and left this morning with Mr. Hunt.

Edmonton Old-Timer Dead.  
Benjamin Wilson, aged 49 years, and formerly of the Edmonton staff, died last week at Lake Malina, near Seattle, Washington. Although Mr. Wilson left this city some years ago, he was remembered here. He came west many years ago from Leeds, England, and was a member of the Edmonton's first volunteer fire brigade.

### ALL PUBLIC WORK SOON MAY COME TO A STANDSTILL

Financial Stringency Lends Hard Blow to All Public Improvements.

### CONTRACTORS ASKED TO TAKE DEBENTURES

Much Depends on Attitude of Banks—Hundreds May Be Out of Work.

Unless the banks will consent to discount debentures of the city of Edmonton, nearly all public work will be stopped within the next few days and several thousand men, particularly of the building class, will be thrown out of employment. At a meeting of the board of city commissioners and contractors to make payment for all public work must cease until the present financial stringency is over.

The contractors neither refused or accepted the offer of the city yesterday afternoon, an offer was made to contractors to make payment for all public work must cease until the present financial stringency is over.

### FAIR WAGE CLAUSE IS ELIMINATED BY CHARTER COMMITTEE

Elimination of the minimum fair wage for the recommended 20 cents an hour for labor, discussion of finances in respect to preparation of the estimates; the system of "common purse" or "open the money" clause. It has been provided that the inclusion of a clause providing preference in selection in respect to city work, constituted the high lights at last night's meeting of the elective commission charter committee.

Guarantee of preference to voters in respect to city work was adopted after considerable discussion. The clause was largely for the purpose of reaching a common understanding.

Mr. Milroy stated and notice that the next meeting he would offer an amendment to section 5 of the new charter, prohibiting all employees from taking part in municipal elections and at the same time preventing the civic service from being used for political purposes.

Finance came in for some discussion, also, in respect to the preparation of the estimates of the new charter. A clause providing that "monies raised for one purpose shall not be utilized for any other purpose" was adopted by the committee. The committee also discussed the secretary and deputy commissioner of finance for redefining so as to conform to the "common purse" principle.

Forest Fire at Levitt.  
A message received from Levitt this morning states that a forest fire is raging in that vicinity, and endangering the houses and property of the residents there. The fire started last Saturday and is still burning, but fortunately is burning in a wooded area and away from the main portion of the town. A large gang of men are now endeavoring to stop the flames.

In Germany a very rigid censorship of movie pictures is exercised by the government.

SPARTAN COURAGE IS NO  
LONGER SEEN IN BOUTSCan Anyone Imagine Bob Fitzsimmons in His Best Fighting Days  
Dawdling Through Twenty Rounds Like Moran in  
His Contest With Johnson?

It is a fairly good thing to have all the confidence in the world, but it's much better to have a good punch. And it's still better to have the will to go in and deliver that punch—or not to do so.

Frank Moran lasted 20 rounds with Johnson. There would have been more honor for himself if, instead of merely lasting the decision, he had gone down to an early defeat while doing his best to win.

"Come back with your shield—or upon it," said the Spartan mother. That Spartan idea doesn't seem to make much of a hit with the modern title hunter. He'll come back without the shield if necessary, but he doesn't lose sight of the main idea that he wants to come back.

Can you imagine Bob Fitzsimmons in his fighting days dawdling through 20 rounds with Johnson, taking a constant tapping and mauling and never once taking victory or defeat into the balance and going in to beat down his man or be beaten down himself? Fitzsimmons would have fought without taking chances and without losing his level best. At Carson, a middleweight fighting a heavyweight for the championship of the world—and the cleverest heavyweight in the world at that—Fitz fought an uphill fight, bravely, doggedly, aggressively, until his increasing attack wore Corbett down and prepared him for the terrific solar plexus blow that gave Fitz the title. He took chances—hundreds of them. John L. Sullivan always went in to a fight until either the other man dropped or he dropped himself. Jim Jeffries would not take a backward step when he fought. Neither would Tom Sharkey, who fought Jeffries, Fitzsimmons, Corbett and all the rest of the good men of his day in the same fighting style, never admitting to himself that he was up against a man who could beat him. Real fighters, they went in to win or lose, not to stay in the limit.

Frank Moran, from all accounts, was outclassed by the black champion. His gymnasium built strength was first to wear out. Clean living couldn't offset

Johnson's skill and natural physical power. Johnson's style of fighting, always defensive, waiting and counter-attacking when the other man's attack leaves him open, made Moran forget what he knew of boxing and hard hitting. Tumbled like many others who have fought Johnson, he felt his own helplessness. Early in the fight he realized that he was outclassed, and from that time on he just "stuck it out." Moran deserves credit for his gameness under punishment. But that sort of gameness, without aggressive fighting courage, doesn't win great fights.

Johnson can keep busy in the near future if he wants to. He can fight Jim Coffey in Dublin, or he can fight Gusbat Smith in Paris.

Gusbat Smith has been right to a match. The Ganner has fought his way to the top of the class, next to Johnson. He has beaten Moran. He's a cool, yet extremely aggressive, fighter. If Johnson can beat the Ganner no other fighter will have much of a chance with him at present.

Frank Moran, from all accounts, was outclassed by the black champion. His gymnasium built strength was first to wear out. Clean living couldn't offset

## RUBE MARQUARD

NATIONALS TEAM  
STILL UNBEATEN  
EASTERN LACROSSE

Toronto, Aug. 4.—In yesterday's game between the Nationals and the Toronto, the Frenchmen maintained their unbeaten record, and were going very strong at the finish, though the home team had an advantage of three goals at one stage.

The Toronto were right on top of the visitors in the early stages, but the relentless national machine wore them down. At half time the score was even, but in the next two periods the home team were helpless against the pressure of the Nationals. At the end the tally was 21 to 12 in favor of the Nationals.

ERRORS GAVE  
ESKIMOS GAMEAgainst Bronks 7 to 3—Two of  
Calgary's Runs Were  
Homers.

Calgary, Aug. 4.—Weinhold's poor work behind the plate cost Calgary the first game of the Edmonton series, at least three of Edmonton's runs being scored because of Weinhold's mistakes. In the first inning after two were out, Weinhold allowed a pass ball and Porter scored. In the third inning Weinhold dropped a perfect pop from right field which should have caught Porter fifteen feet from the plate if it had been handled. Instead it rolled back to the grand stand and Porter scored. In the fourth inning the locals played listless ball and Edmonton hammered in a few more for good measure.

Two of Calgary's three runs were homers over the centre field fence but the locals were empty on both occasions.

BATTING TERRY  
IS A NEW FIND  
IN LIGHTWEIGHTS

In New Castle, Pa., the home of Jimmy Dime and his stable of boxers, they have developed another light weight whom they think will be able to make a name for himself in the not distant future. Eddie Fritz, who has unearthed the newcomer, whose name by the way is Battling Terry, thinks that his protégé can defeat all the Jack Brittons and Leach Crosses ever heard of. Mr. Fritz believes that all the lightweights may have great left hand jabs with great speed and all that, but that the new one is like a streak of lightning, and that he can hit hard with either hand and from any position. Besides that he is a regular "beast." From all this Terry should be able to make a name for himself without a doubt. But getting down to real facts, the boy has a very enviable record for the past year and has made a splendid showing against some of the best lightweights in the east. It is just such boys as these who work their way to the top.

ATHLETIC MEET  
ON SOUTH SIDE  
WEDNESDAY EVE.Track and Field Events—La-  
crosse, Football and Base-  
ball Matches.

All in readiness for the south side athletic meet tomorrow night commencing at 6:30 and a splendid program of events has been arranged, including all the sprints and shorter distance runs, high and broad jump, in which last year's Canadian champion will compete, and several other items that will be of greatest interest.

The half mile and the cinder tracks are in the best of shape and some records should go by the boards, when Albert's foremost athletes meet for premier honors. There will be a baseball game between two city league teams, the Wholesalers and Red Sox, and a senior football match between the Radials and Strathcona. There will also be a lacrosse match between the Wholesalers and Edmonton teams. The Strathcona band will be in attendance, and will also parade the streets an hour or so before the meet begins.

OFFICIALS FOR SOUTH SIDE MEET  
Following are the officials for the athletic meet on the south side tomorrow evening:  
Referee: Professor Edwards.  
Judges: H. H. Crawford, M. P. R. B. Douglas and C. E. Rice.  
Timekeepers: Leroy Chown, Sidney Ash and E. O. Duncan.  
Starter: Jack Buchanan, trainer, Edmonton Y.M.C.A.  
Clerk of course: J. A. Forsythe.

RADIALS AND THE  
C. P. R. FOOTBALL  
TEAMS PLAY DRAW

The above teams met in a senior soccer game last evening at the old exhibition grounds the score resulting in a draw, two goals each. C.P.R. scored the first goal in the first half and their second by Blanks shortly after the interval. The Radials then followed with two by Horneby and Sinclair. The game was into starting and was in charge of referee Crosby. The teams lined up as follows:

Radials—Goal: Baxter; backs, Haues and A. Hutton; half backs, McCafferty, S. Whitehead and Smith; forwards, Sinclair, J. Hutton, Sonnen, Horneby and Wilkie.  
C. P. R.—Goal, M. Kirton; backs, Baldwin and Lee; half backs, Donlin, Porter and Ratter; forwards, Claire, A. Lee, Shank, Peterbridge and N. Kirton.

QUAKERS AND  
HATTERS SPLITIn Double Header Yesterday—  
Hat Won First 15 to 13 and  
Lost Next 12-3.

Medicine Hat, Aug. 4.—Saskatoon and Medicine Hat split even yesterday on their first two games of a series of double headers which are to be played during the next few days. The double exhibition which was handed out had little to recommend it. Neither team had much to show. Mohart the local's new pitcher, started both games. When he relinquished the bat in the first he had the game won, as it afterward turned out, despite the fact that Dackles and Lind followed.

In the evening game Mohart went the full distance and pitched great ball, but was accorded miserable support and lost out. Hurry's team up to great ball, despite the fact that they have a bunch of cripples and dummies. The scores—  
Medicine Hat ... 608 201 218—15 19 4  
Saskatoon ... 608 606 633—13 15 1  
Batteries—Mohart, Buckles, Lind and Hils; Beer, Russell and Walters.  
Medicine Hat ... 110 616—3 7 5  
Saskatoon ... 820 126 6—12 19 3  
Batteries—Mohart and Ellis; Kallie and Spencer.  
Called out 7th, darkness.

Radials vs. Strathcona  
The above soccer teams will meet in a senior game tomorrow evening at the south side grounds in conjunction with the south side athletic meet. A set of radials will be given to the winning team, but it will be necessary for the players to provide themselves with amateur cause as the meet is strictly amateur.

The following team will represent Strathcona: Wood, Bradshaw and Forester, Hatts, B. Watson, Horsley and Jewell. Reserves: A. Watson and R. Ted.

Edsall Press vs. Welsh  
The following Edsall Press men are requested to be at the old exhibition grounds not later than 6:45 p.m. tonight to play against the Edmonton Welsh. Torrie D. Burns, J. B. Anderson, Halmbridge, Quayle, Rice, MacArthur, Cooper, McCallum, Murray, Ellis.

Red Sox vs. Altas  
This evening at Diamond park the Altas and the Red Sox will clash in a senior league baseball game, and the result may decide the city league championship as a win for the Altas would practically mean that. Both teams are playing good ball and a fast game may be looked for.

Altas Beat Wholesalers  
In a senior league city baseball game last evening the Wholesalers were defeated by the Altas 4 to 6. Two scattered hits was all the Wholesalers could gather off pitcher John's delivery, as the latter had lots of smoke last evening.

## JOE IMANDOT ROUNDING INTO FORM

Is Matched With Joe Rivers for September and Wants Match With  
Ritchie After That.

(By Tom S. Andrews.)  
Tom Walsh, the irrepressible manager of Joe Mandot, thinks the southern champion has come back for keeps, and will soon be battling for the world's lightweight championship. Tom is back from New Orleans, where Mandot fought Johnny Dundee. And according to the New Orleans papers, Joe had the best of the contest. Walsh claims he is 50 per cent better now than when he fought Matty McGue of Racine early last spring. He claims that New Orleans stopped Dundee in the eighth round, and that he was stronger at the finish. "They have finally gotten 20 round game going down there, and I think that Rivers and Mandot will start the ball rolling for Dominick Torichor about the middle of September," remarked Tommy Walsh on his return here. "If Joe wins from Rivers," continued Tommy, "we will try and get Willie Ritchie for him, and then it will be Walsh for the winner. You know that New Orleans promises to be the real place for the big bouts from now on, and I think that they will outshine California or any other place in the country. Of course, I will have to take my hat off to Milwaukee, for there is no city that I know of where they have turned out a \$40,000 house for a 10-round bout, and until they do, we will have to give the honors to the beer city. However, the game looks awfully good in New Orleans, and I think that is where all the big fights of the future will take place."

## HAL CHASE

Dave Gregg, who for the past month has been on the pitching staff of the Nationals, is to be recalled by the Spokane club in the Northwestern league, owing to the fact that their pitching staff has been all shot to pieces through accidents. Pitcher Chapman has also been ordered to report to the Victoria club.

Score—  
Radial ... 200 166 13—5 9 1  
Moose Jaw ... 621 600 60—3 7 4  
Batteries—Ryan and Harris; Kurfess and Wally.

G. T. P. Defeated 6, O. S.  
In an intermediate soccer game last evening at the south side grounds the G. T. P. team beat the Sons of Scotland by two goals to nil. The losers had only nine men on the lineup.
